ENGINEERING PROFILE

Engineering student combining **Full Stack expertise and AI** with production experience and technical leadership. Capable of delivering a complete SaaS project and leading complex architectures from day one. Seeking a **6-month final-year internship**, as well as **freelance collaboration opportunities**, for immediate impact and operational contribution.

KEY EXPERIENCE

Design Engineer & Lead Dev ICORP (IMA)

2025 Yaoundé

- Delivered a competitive exam ERP for 1200 users using Laravel 11 and MySQL.
- Technical leadership of a 3-developer team.

Software & AI Engineering Intern CENADI

July 2025 Yaoundé

- Developed an AI Agent for tax optimization (FastAPI + Next.js).
- Built an industrializable prototype for SaaS deployment.

Backend Developer Intern Decatechs

July 2024 Yaoundé

- Maintenance of a school management ERP (Symfony) and MVC Blog module.

IMPACTFUL PROJECTS

TranSens: Transport Ecosystem Capstone Project

Ongoing

Microservices architecture for multimodal transport (Spring Boot / React Native / Kafka / Redis). *Functional Mobile & Web demo.*

Pynfi: Financial Management SaaS Personal Project

In Production pynfi.com

Secure web application for personal finance (Laravel, Chart.js). Deployed and live product.

Deep Learning Engineering Academic Cycle

2025

5 AI projects: Model design (U-Net, ResNet), MLOps deployment (Docker / MLflow), medical segmentation.

EDUCATION

Master of Engineering (Computer Science) ENSPY

Ongoing (5th Year)

Specialization: Software Engineering & AI

Bachelor of Science in Mathematics University of Yaoundé I

2023

TECHNICAL SKILLS

Backend

Laravel Spring Boot Symfony FastAPI

Frontend / Mobile

React.js Next.js TypeScript React Native

Data / DevOps / AI

MySQL PostgreSQL Redis Docker Git / CI/CD
MLflow

CERTIFICATIONS

Java Programming
EPFL - Advanced Level

Web Development
UC Davis - Full Stack

C Programming
Dartmouth College - Fundamentals

AI / ML Basics
Coursera / IBM - Introduction to AI

LEADERSHIP

President, Computer Engineering Club ENSPY

2024-2025

Managed 24 members, Mentoring, Hackathons

Student Representative UY1 (Math B.Sc.)

2021-2023

Coordination & Representation

LANGUAGES
